SUMMARY

A web developer with 2+ years of experience in PHP and Javascript. Familiar with the concepts of MVC and OOP and also well-versed in using Git. Proficient in creating responsive, modern, and user-friendly websites using the Laravel and Bootstrap frameworks. Also experienced in using JavaScript and have worked on projects involving ReactJS. Currently, I am dedicated to learning NextJS. Frequently use MySQL, but also delved into NoSQL databases like MongoDB. I am confident that my skills make me a valuable asset wherever I am.

WORK EXPERIENCE

PT. CERMAT PRATAMA SEJAHTERA – Palembang, Indonesia

IT Support & Programmer (October 2022 – present)

- Creating responsive, dynamic, and modern web-based applications using PHP (native, Laravel), JavaScript (vanilla, jQuery, ReactJS), and Bootstrap for internal company use.
- Designing and building databases for applications.
- Performing maintenance and development on existing web applications.
- Establishing collaboration proposals with other institutions/companies for the creation of web-based applications.
- Identifying and resolving internet network issues.
- Conducting computer hardware maintenance and repairs.

Jokiweb – Palembang, Indonesia

Freelance Web Developer (December 2021 – present)

- Responsible for creating dynamic and responsive web applications according to client requests.
- Focuses on projects that use the Laravel and CodeIgniter framework.

PHYLOT SYSTEM INTEGRATOR – Palembang, Indonesia

Back-end Web Developer (January 2022 - March 2022)
